I received your order in the mail today 6-5-01.  
The order was signed May 29<sup>th</sup> 2001. I am requesting that  
you give an extension on the day that I have to turn in  
my application to proceed in forma pauperis for two reasons  
one because I received the application 12 days after the order  
was signed. It was sent to the wrong address I notified  
the courts of my change of address when I was assigned  
to the Beto Unit last August.  
My main reason for asking for an extension is because today  
officers did a surprise shake down and my application to proceed  
in forma pauperis was accidentally destroyed by officers.  
If you would send me another form and grant me an  
extension it will be greatly appreciated.

Respectfully Submitted  
on this 5<sup>th</sup> day of June 2001
